**\*\*\*LIVE SCAN ISSUES\*\*\***

We are seeing numerous tickets coming into the Helpdesk regarding Live Scan issues.

If your users have issues with Live Scan that are not considered an "Installation Issue", please have them send an email to the group below - do not open a ticket with the helpdesk. This will just slow down the response for assistance.

Reference the attached SMOM (Page 4, para 9, line b, (2), (3) and (4) for the message).
